

MATH 4753-001  
Applied Statistical Methods  
Spring 2012  
MWF 230-320  
225 PHSC

Text: *Statistics for Engineering and the Sciences* by William Mendenhall and Terry Sinich (Fifth Edition)

Instructor:  
Dr. Andy Magid  
918 PHSC  
325-2052  
amagid@ou.edu  
Office Hours: Monday 1-2  
other times by appointment

Grading:  
Midterm Exams 25%  
Comprehensive Final 25%  
Homework 25%

Exam Schedule

Midterm I: Friday February 24. Covers Chapters 2 through 5.

Midterm II: Friday April 13. Covers Chapters 6 and 7.

Final: Wednesday May 9 430-630PM Covers Chapters 2 through 8 and 10.

**Policies**

Homework will be assigned and collected periodically. You may work in groups on homework. Each student in the group must turn in a separate paper. **No late homework will be accepted.** Homework assignments will be announced in class and available on D2L

Make-up exams will only be possible in very extreme circumstances, and even then your excuse must be properly documented and brought to Dr. Magid's attention in a timely fashion.

Students are expected to attend class. Attendance will be taken. Late arrivals are equivalent to half an absence. If a student has 7 or more absences, the highest grade they can earn is C.

A student's guide to academic integrity can be found at

[www.ou.edu/provost/integrity](http://www.ou.edu/provost/integrity)

Any student in this course who has a disability that may prevent him or her from fully demonstrating his or her abilities should contact me personally as soon as possible so we can discuss accommodations necessary to ensure full participation and facilitate your educational opportunity.

The University of Oklahoma is committed to providing reasonable accommodation for all students with disabilities. Students with disabilities must be registered with the Office of Disability Services prior to receiving accommodations in this course.
